

School Covid-19 Measures – Summer 2022

Government Covid-19 Isolation Guidance from 1.4.22

- Adults with the symptoms of a respiratory infection, and who have a high temperature and feel unwell, should try to stay at home and avoid contact with other people until they feel well enough to resume normal activities and they no longer have a high temperature.
- Children and young people who are unwell and have a high temperature should stay at home and avoid contact with other people. They can go back to school, college or childcare when they no longer have a high temperature, and they are well enough to attend.
- Adults with a positive COVID-19 test result should try to stay at home and avoid contact with other people for 5 days, which is when they are most infectious. For children and young people aged 18 and under, the advice is to stay at home for at least 3 days.
- Schools no longer have a legal duty to provide Remote Education.

Hygiene and Cleaning

- **We are continuing to encourage staff to wear facemasks when entering a classroom containing children outside of their normal group/s and particularly if a member of their household or a close-contact has Covid.**
- Staff will regularly wash their hands/use hand sanitiser throughout the day and particularly when entering/leaving the building or working within or between different classrooms.
- Staff will regularly remind children to wash their hands thoroughly.
- Staff will remind children to [Catch it, Kill it, Bin it](#) - Covering their mouth and nose with a tissue or sleeve when sneezing and putting used tissues in the bin straight away, always washing their hands afterwards.
- The staff within each class will be provided with spray bottle (locked away/out of reach) and cloths, so that they can keep on top of maintaining cleanliness throughout the day.
- **Please note that hand sanitiser must be allowed to dry before going near any ignition sources or touching any surfaces, and you should follow the following guidance [How to hand rub](#).**

Rooms and Furniture

- Classrooms will be tidy and clutter-free, maximising space, with surfaces as clear as possible (for easy cleaning).
- Some windows **must** be open to ensure rooms are ventilated with a flow of fresh air throughout the day. All classrooms must have a working Co2 monitor in an appropriate location and report to the Headteacher if the reading goes above 1500.
- We will continue to have two functioning staffrooms.

Meetings & Visitors

All visitors will:

- Confirm that they do not have Covid or symptoms, on arrival
- Perform hand hygiene before entering the site
- Be provided with any relevant safety instruction on arrival

Break and Lunchtimes

- Children from different classes will now be able to mix together.
- There will continue to be some separation and staggering of Key Stages, due to practicalities, as there was prior to the Pandemic.

Breakfast and Afterschool Club

- Based in Y3/4 area (windows open).
- Children from different groups are able to mix.
- Increased range of activities, but numbers may be restricted due to staffing.
